

## NORTH AYRSHIRE WATERMILL SURVEY

**Name of mill:** Crosbie, 'Gray's Mill.

**Address:** By West Kilbride

**Notes prepared by:** Alastair Weir

**Grid ref:** NS218500

**Present use:**

No evidence of mill shown on the 1<sup>st</sup> edition OS. As yet the site has not been positively identified. See RCAHMS data on this site.

From J Lamb, 1896. 'Apart from the vestiges of its dams and lades, virtually all trace of Gray's Mill, a meal mill, has vanished, which stood near Crosbie.'

From the grid reference this does not seem to be that of the farm mill at Crosbiemains. See entry for Crosbiemains.

**Notes:** More research required.
