

## *SOUTHERN REGION CALL-OUT CONTRACTS*

---

**Site** Kilwinning Abbey

**County** Ayrshire

**District** Cunninghame

**Parish** Kilwinning

**N.G.R** NS 3030 4327

**Project Description** Monitoring of planted border and pathway construction

### **Report**

After liaison with Simon Hirst Associates, Landscape Architects for the project, it was agreed that archaeological supervision should commence on 27.3.96. However, by the time an archaeological supervisor was on site, the work had been completed. An examination of the extent of ground-breaking work which had occurred unsupervised did not reveal any obvious signs of disturbed structures or graves, which might have been expected.

**Finds** No finds were recovered

**Contexts** No features were located
